

SCHOOL SUPPLIES

by Campus Survival Kits

FOX MILL ELEMENTARY - KINDERGARTEN

Get a head start on the 2024-25 school year by pre-purchasing your child's school supplies!

Your child's teacher has identified the personal and community school supplies needed for a successful year.

In cooperation with the Fox Mill PTA, Campus Survival Kits has assembled a Kit of all necessary supplies for one low price!

Avoid the stores and get all the supplies you need!

- ★ You'll receive a complete set of the exact supplies identified by your child's teacher. *All brands, sizes, colors and styles have been designated by your child's teacher.*
- ★ Your child's personal supplies will be delivered in a custom Fox Mill Elementary drawstring backpack. *(Kits will be delivered to the school in August and will be in your child's classroom.)*
- ★ The items identified as community supplies (tissues, wipes, etc.) will be delivered directly to your child's teacher for easy collection and storage.
- ★ Your child's personal supplies will be pre-labeled per the specific instructions provided by the teacher *(if applicable)*.

AND...

- ★ Based on the number of students who purchase a Kit, your child's school will receive **FREE** refills on select items in January. That means the more parents who purchase a Kit now, the fewer requests parents will receive for more supplies during the year!
